## Romney Continues 'Look'

# Trip Includes Alaska

LANSING (AP)—Gov. George Romney swings west this week on a seven-day tour to size up his chances of gaining the Republican presidential nomination in 1968.

It will take him all the way to Alaska, and return him a week from Friday, the day he leaves.

He took a southern sampling over the weekend, proposing in a speech to 3,000 at a Lincoln Day Dinner in Louisville, Ky., that Republicans establish "a political trade school" to develop youthful talent for the party.

**Poll Withdrawn**  
Young men and women, he said, could "by sheer weight of numbers" reshape the political, social and economic institutions of America.

And, about political developments over the weekend was the

withdrawal of Gallup Poll on the question: "Which of these Republicans would be the best candidate?"

It showed former Vice President Richard M. Nixon with 52 per cent of the Republican vote and Romney with 40 per cent.

George Gallup Jr., son of the founder of The American Institute of Public Opinion, withdrew the poll only hours before scheduled publication. He said it would be released Tuesday with an explanation of its difference from a November poll.

**Not Comparable**

In November, Romney led Nixon 51 per cent to 42 per cent among Republicans polled. The question that time was different: "Which of these Republicans would you most like to see get the Republican nomination for president?" (Not "which would be the best candidate?")

Gallup said figures in the February and November polls cannot be compared because those sampled responded to different questions.

**No Comment**  
Among independent voters in the latter poll, however, the choice went from a 56-32 vote for Romney to a 43 per cent tie.

Among all voters, Romney stayed in front, 45-31, but was below his 55-31 margin of November.

An aide said there would be

no immediate comment from Romney on the poll or its withdrawal.

In Kentucky Romney said Saturday the nation should elect a Republican president to give a "new and fresh look" at the situation in Vietnam. He also termed the Johnson Administration "old and tired."

In his Kentucky forey Romney visited the birthplace of Abraham Lincoln, the first Republican president, at Hodgenville. There he was given a gravel made from a branch of an oak tree estimated to be 300 years old.

**Great Facade**

He took a bus for the 50-mile trip from Louisville.

In his Louisville speech, Romney slashed at the Johnson Administration's domestic policies, saying the Great Society has degenerated into "the Great Facade."

Romney blamed President Johnson for what he called "a stumbling one-man decision for escalation in South Vietnam."

Under Johnson, he accused the Democratic party of fumbling away "its opportunity to change the imagination of young people."

"Now they are looking elsewhere," he told his Republican audience in proposing a GOP political trade school. "This is our opportunity."

# U.P. Legislators Link Fiscal Reform With Land Tax Cut

ALPENA (AP)—Five Legislators in Michigan's 37th Senatorial District have gone on record supporting tax reform but insist it be attached to a reduction in property taxes.

Sen. Thomas F. Schweigert, R-Petoskey, and four House members approved a 10-point program Saturday after two days of hearings in Alpena.

They said in part they would support "the principle of tax reform, based upon just and equitable revision of the present tax structure...guaranteeing a much needed reduction of the property tax."

**Action On Mac Tolls**  
The group said they were determined to get action "against the prohibitive Mackinac Bridge tolls" and would press for a system of scenic highways along the Great Lakes.

They also criticized the State Conservation Department, saying it has "dedicated many many state parks but has failed to develop them."

The 37th District includes much of Northern Lower Michigan and a large section of the Upper Peninsula. Joining Schweigert in adopting the program were Reps. Joseph P. Swallow, R-Alpena; Robert W. Davis, R-St. Ignace; Charles Varum, R-Manistique; and Dominic J. Jacobetti, D-Negaunee.

**Ten-Point Program**  
Schweigert said Jacobetti, who did not attend the hearings, adopted the plan as drafted by his colleagues.

The following is a rough draft of the 10-point program:

1. We support the principle of tax reform, based upon just and equitable revision of the present tax structure, providing sufficient revenues to support necessary state services and guaranteeing a much needed reduction of the property tax.
2. In order to insure that all

young people of northern Michigan receive full educational opportunities, we urge a stepped-up program of higher education at the local level, particularly within the community college concept.

3. Recognizing the need for technological training, we give equal support to expansion of vocational training in northern Michigan.

4. Desiring to eliminate the economic barrier between the two peninsulas, we are determined to take action against the prohibitive Mackinac Bridge tolls.

**Scenic Highways**  
5. To enhance tourist activity we support a system of scenic highways along the Great Lakes.

6. To curb the exodus of northern Michigan residents, most particularly our young people, we support all efforts to increase economic opportunity in northern Michigan.

7. Recognizing that the Michigan Department of Conservation has dedicated many state parks but has failed to adequately develop them, we support a program of establishing a priority of improving existing parks prior to any future dedications.

**Improve Airports**  
8. We recognize that problems exist in commercial air transportation throughout northern Michigan. To overcome this, we support increased efforts to improve airport facilities.

9. Knowing the pressing need for highway construction and improvement throughout northern Michigan, we support an increased highway program and necessary revenue increases to provide pollution upon northern Michigan's previous resources, we pledge our foremost efforts to guarantee generations of tomorrow both clean air and water.

## Soviets Want Yanks To Shift Policy On Viet

**BULLETIN**  
LONDON (AP)—Prime Minister Harold Wilson said today he believes a peaceful solution to the Vietnam war "could now be reached" despite the lack of the immediate success in his week of talks with Soviet Premier Alexei N. Kosygin.

LONDON (AP)—Soviet Premier Alexei N. Kosygin in his talks with British Prime Minister Harold Wilson emphasized three themes which, taken together, point to historic change in the Kremlin's approach to the outside world.

British and Soviet officials said the Soviet Russian leader repeatedly stressed:

1. The Soviet Union wants a Vietnam settlement desperately—but not at any price.

2. Moscow fears the power struggle between Mao Tse-tung and his antagonists could deteriorate into civil war. Or it could turn China into an intensely nationalist, expansionist state fired with the ambition to settle old scores against the "outer barbarians"—including the Soviets—with whom it has territorial disputes.

3. The Soviet Union is primarily a European power with a right to share in maintaining order not only in the Communist part of the continent but also in the capitalist part. By stabilizing Europe on an antifascist base, Kosygin and his successors would have their hands free to meet any challenge that may arise on their border with China.

On Vietnam, Wilson was told time and again in so many words: "We Russians are realists. We know President Johnson may reject Hanoi's suggestion that a military standoff against North Vietnam could lead to peace-making. If he does, the war will grind on until the Vietnamese win. We are here to show we won't allow such a long war to fester. It's up to the Americans, therefore, to get themselves off the hook they made for themselves."

## Negro Protest Strike Fizzles

DETROIT (AP)—A so-called racial strike—dubbed a "new tool of protest" by its sponsors—appeared to have had little or no effect today in Detroit.

Spokesmen for both the city operated bus system and General Motors, both of which employ large numbers of Negroes, indicated that workers reported in normal numbers on their first shifts.

"Attendance at all GM plants in Michigan is normal or better than normal," said a GM official.

The strike was called by Negro leaders in protest over what they called "double-standard treatment" by Congress of Rep. Adam Clayton Powell, D-N.Y.

Strike committees in Detroit and Muskegon called upon Negroes to stay away from their jobs and to keep their children out of school. The strike call brought some dissension in the Negro community.

## Drugs Achieve Control Over Skin Cancers

NEW YORK (AP)—The goal of curing cancer with drugs is being achieved in skin cancers, a researchers reported today.

Various drugs are curing 60 to 96 per cent of some types of skin cancer, said Dr. Edmund Klein, dermatologist at Roswell Park Memorial Institute, Buffalo, N.Y.

"Healing occurs with slight or no recognizable scarring," as may occur from surgical or X-ray treatment, he added.

In cancer terms, "cure" means no return of the cancer for at least five years. This is being achieved, Klein told the New York State Medical Society in describing research with more than 300 patients begun more than five years ago.

The techniques are being used and studied at 22 other medical institutions with similar results, Klein said.

The drugs—half a dozen of them used far less effectively in treating other kinds of cancer—are applied directly to the skin in ointment or other forms.

The significance of the research extends beyond the abolition of skin cancer in many cases, Klein said.

It adds to the hopes that effective drugs may be found to overcome other, internal forms of cancer. A true chemical cure of cancer so far has generally been credited only in a very rare type of cancer of the uterus or womb—choriocarcinoma—with the drug methotrexate.

# It's Ferency Again Saturday

LANSING (AP)—Surprising almost no one, Zoltan Ferency said today he has changed his mind and will run for a third term as chairman of the State Democratic party.

Ferency said widespread support for him at county and district conventions around the state last week caused him to declare his candidacy.

Last Jan. 19, Ferency announced he did not plan to run for another term because of opposition from "many party leaders and elected officials."

Despite his announcement, there had been constant speculation that Ferency never intended to relinquish his chairmanship without a fight at next Saturday's state party convention in Grand Rapids.

Ferency said today that based on resolutions passed at local conventions, he would have support of more "than 1,000 delegates at Saturday's convention. It will take 1,117 to elect a chairman."

Ferency's re-election appeared certain. The only other announced candidates for the job are Richard Stout of Marshall, a state agriculture commissioner; former State Rep. Andrew Wist of Houghton; and Ann Arbor attorney Peter Darrow.

Besides the grass roots convention support, Ferency said he "has received numerous telephone calls, wires and letters urging me to reconsider my decision" not to run.

In response to an unanimous desire on the part of active Democrats for an open state convention... I have agreed to allow my name to be placed in nomination," Ferency said.

He added that if elected he definitely would not serve more than that two-year term.

THIS PICTURE, said to be the only one made after his death, shows President Abraham Lincoln lying in state in New York City Hall on April 24, 1865. The photo was presented to Rockford College of Illinois. It was taken by Garvey and Son, New York photographers. (AP Wirephoto)

# Cong Saigon Attack Kills 14 Vietnamese

SAIGON, South Vietnam (AP)—Viet Cong gunners made a daring mortar attack on the nerve center of the U.S. military command in downtown Saigon today. The headquarters wasn't hit, 12 Vietnamese were killed and 44 were wounded, and an explosion blew up the house from which the attack came.

Allied ground operations resumed Sunday a few minutes after the end of the four-day lunar new year truce proclaimed by the South Vietnamese government. But U.S. planes today apparently spared targets in North Vietnam for the sixth straight day as Washington appeared to be giving the Hanoi regime more time to cool down the fighting.

Only light, scattered ground action was reported in South Vietnam. U.S. and South Vietnamese air attacks also resumed Sunday a few minutes after the end of the four-day

lunar new year truce proclaimed by the South Vietnamese government. But U.S. planes today apparently spared targets in North Vietnam for the sixth straight day as Washington appeared to be giving the Hanoi regime more time to cool down the fighting.

Only light, scattered ground action was reported in South Vietnam. U.S. and South Vietnamese air attacks also resumed Sunday a few minutes after the end of the four-day

The headquarters of Gen. William C. Westmoreland, commander of U.S. forces in Vietnam, was the target of the mortar attack in Saigon, but the closest round fell in a street about 75 yards from the compound and no Americans were hurt.

That round hit a truck in a Vietnamese army convoy, exploding ammunition in the vehicle, and nine soldiers were killed and nine were wounded. Earlier reports said 14 soldiers were killed, but this figure was lowered later.

When Vietnamese police closed in on the house where the Viet Cong had set up their mortar, the guerrillas were believed to have triggered a timing device that set off other mortar rounds. The explosion killed two policemen and a 9-year-old child and wounded 31 other policemen and civilians, Vietnamese authorities reported. Again there were no American casualties.

**Third Air War Pause**  
This is the third pause in the air war against North Vietnam that started in February 1965. The first bombing suspension was undertaken in May 1965 and ran for five days. Johnson ordered the second at the end of a Christmas-New Year's truce in December 1965. That pause lasted 37 days.

Secretary of State Dean Rusk has said since then that each pause was initiated because some government in touch with the Communist regime in Hanoi predicted peace talks might be started if the aerial bombing ended.

In recent months North Vietnam has been saying that peace talks "could" result if the United States ended the bombing unconditionally. This Johnson has declared he will not do in the absence of a matching military reduction by the Communists.

Johnson summed up his position in a letter last week to Pope Paul VI: "I know you would not expect us to reduce military action unless the other side is willing to do likewise."

**Trimountain Man Dies In Car Crash**  
SOUTH RANGE (AP)—Two cars collided head-on in a blinding Upper Peninsula snowstorm today, killing one driver and injuring three other persons.

Houghton County sheriff's men, checking a report of the crash from a woman motorist who had passed the scene, found the wreckage in 2 below zero weather on M-26 near South Range. South Range is five miles southwest on Houghton.

Bernard Commons, 21, of Trimountain, was dead in one car. A passenger, Richard Heider, 19, of the Trimountain area, was injured critically. Henry Michelson, 29, and his wife, 35, were critically hurt in the other car. The injured were taken to St. Joseph Hospital at Hancock.

Troopers identified the victims as Brenda Stringer, 15, Randy Bice, 10, Deborah Bice, 9, Connie Bice, 8, Marsha Bice, 7 and Steve Bice, 3.

The parents of the Bice children, Mr. and Mrs. Alvin Bice, and Sharon Stringer, 14, escaped the fire. State Police say the Stringer children were from a previous marriage of Mrs. Bice.

Troopers said the fire broke out in the frame building where the children were sleeping. Sharon awoke and ran to an adjoining building where her parents were sleeping to rouse them. Troopers say flames prevented them from reaching the children trapped inside.

## Resume Attack Order Could Go Out Anytime

WASHINGTON (AP)—Prompt resumption of the U.S. air war against North Vietnam was foreseen by officials here today unless the North Vietnamese start reducing military operations or otherwise move toward peace.

President Johnson has developments in the situation under almost constant review, informants added—presumably including a surprise meeting early today between British Prime Minister Harold Wilson and Soviet Premier Alexei Kosygin in London.

An order to return to the attack could go out at any time, it was indicated, if there were no move toward peace talks.

**Indicates No Change**  
U.S. officials said an unexpected weekend extension of the lunar new year pause in bombing of the North does not indicate any change in basic U.S. policy. They ruled out a long suspension unless Hanoi takes reciprocal action.

Johnson himself made the decision for the extended bombing pause following the four-day holiday truce throughout Vietnam. The President reportedly acted at the last minute on Saturday when the 96-hour ceasefire was coming to an end.

According to authoritative information, Johnson acted after an exchange of messages—presumably including telephone calls—with Wilson.

Wilson and Kosygin concluded their scheduled conference Sunday. But they met only today for an additional 65 minutes at Kosygin's hotel hours before his scheduled return to Moscow.

**Mac Allows Talks?**  
Newsweek magazine said the State Department is studying an unidentified Eastern European diplomat's report that Red China's Mao Tse-tung has given North Vietnam approval to negotiate with the United States on condition that the talks be direct, and not through the offices of the Soviet Union.

In a related story, the magazine said Johnson insisted that Sen. Robert F. Kennedy, D-N.Y., issue a denial that the senator had received a peace feeler while on a visit to Paris. It was Newsweek, in its last issue, that said Kennedy had received the peace feeler through a French diplomat.

THESE MOBILE, trailer-like structures are designed to add Capitol office space for 16 House Democrats and eight secretaries. But the trailers must be moved again. Lansing's fire marshal said the buildings are unsafe because they are not the required distance of 20 feet from the existing Capitol and because they block a fire exit from the Capitol's fourth floor. A Democratic leader said the new offices will be moved to comply with the fire code. (AP Wirephoto)

## Evans Jazz Trio Next In Series

The Lee Evans Trio will play in Escanaba Sunday afternoon in a concert that is part of the season series sponsored by the Delta County Community Concert Association.

The Trio, third attraction in the current series, will be heard by Community Concert subscribers, at 3 p.m. Sunday in the William W. Oliver Memorial Auditorium. Members were reminded their tickets are transferable.

From his first engagement at New York's Left Bank, pianist Lee Evans and his Trio proved they play music to which people not only listened attentively — but returned to hear again and again because they liked what they heard.

Lee Evans originally had ambitions to become a teacher. He earned a B. A. at New York

University and an M. A. at Columbia, majoring in music.

Army service behind him, he returned to civilian life, formed a trio to work club dates, and turned to show business.

Capitol Records signed him to an exclusive recording contract and he has recorded three albums for that label and two for Command Records. He and his men have played the Embers Supper Club, New York's Cafe de la Paix, Basin Street East, and the Hickory House.

He has also played the Sands Hotel in Las Vegas, a national concert tour with Carol Channing in 1962, and was featured pianist on CBS-TV spectacular "The Gershwin Years." He has also appeared on the Ed Sullivan Show and is a favored entertainer at White House galas.

The Trio plays good jazz from George Gershwin, Cole Porter and Harold Arlen with Evans at the piano, Eddie Gomez on the string bass and Bill Smith on drums.

## Water Pollution Meeting Called At Rapid River

Special invitations have been sent to local businessmen and the public is also invited.

## State Offering 6 Million Trees

Michigan landowners who plan to order young trees for spring reforestation plantings through the Conservation Department are advised they must submit their requests on standard purchase forms to the agency's Forestry Division in Lansing.

The point is made because some persons have misdirected their orders to the Department's tree nurseries. Others have mistakenly made their requests on personal stationery which cannot be processed because legal and bookkeeping requirements call for using only official order blanks.

Stock price lists and blanks needed to order trees for this spring plantings are available from the Department's Forestry Division in Lansing or from offices of its field foresters and county extension agents.

Offered by the Department are about six million small pine and spruce trees, special game habitat packets containing 500 hardwood and conifer seedlings, and a limited supply of choice young hardwood trees.

## State Pay Hike Rests On Taxes

Heavy public opposition to any new taxes may block Michigan's 40,000 state employees from a basic 7 per cent raise next July recommended by the State Civil Service Commission, Senator Thomas F. Schweigert (R-Petoskey) said today.

The raise would go into effect automatically unless two-thirds of the House and Senate reject it.

"It begins to appear that, because of the state's serious financial situation, there will not be enough money coming into the treasury to provide the \$23 million increase that this recommended raise and fringe benefits would cost, said Schweigert.

"It isn't a question of whether the state employees are entitled to salary increases. It is simply that the money won't be there and the state treasurer can't pay it out unless it comes in."

Schweigert said that it would take a heavy vote of both Democrats and Republicans to override the Civil Service recommendations.

"There are indications that heavy taxpayer pressure against new levies will have its effect and that both Houses of the legislature will produce the required two-thirds vote to avoid

## Offer Tickets For 'St. Joan'

Persons interested in attending the presentation of "St. Joan" by the Theatre Performing Arts Company of Michigan State University may obtain tickets at Gust Asp's, Goodman's and the West End drug stores, and at Ernie's Party Store.

The George Bernard Shaw drama will be staged in Escanaba for one night only — Thursday, Feb. 16, at 8 p.m. in the Escanaba Area High School auditorium.

The Company is one of more than 30 student and faculty groups performing in Michigan communities this year under the auspices of the Cap and Gown Series of MSU's Continuing Education Service.

In addition to the Theatre Performing Arts Company, the Cap and Gown Series features such groups as the Singing Statesmen, Concert Band, State Singers, Opera Theatre and Richards Woodwind Quintet.

The Cap and Gown Series was initiated 14 years ago to provide Michigan communities with some of the outstanding MSU cultural and educational programs.

The Series not only provides entertainment for the people of Michigan, but offers student participants an opportunity for valuable application of the training they have received in the classroom.

Touring in 1967 will be Shakespeare's "Romeo and Juliet" and Thornton Wilder's "Skin of Our Teeth."

Sponsoring the group's appearance Thursday will be the Players de Noc.

Only all-marble public building in North Carolina is the Cherokee County Courthouse.

## Reuther And Meany

The rupture between the leadership of the United Auto Workers—especially President Walter Reuther—and the AFL-CIO—especially President George Meany has American organized labor as a whole worried.

Many union leaders, including some who share Reuther's view that Meany & Co. are stuffy and protective of the status quo in unionism, are dismayed with Reuther's withdrawal from leadership in the AFL-CIO and they think that it can only damage the cause of unionism in this country.

While his own Auto Workers are reported backing Reuther's position strongly there are many members who stand more closely to Meany in their thinking than they do to Reuther.

The public reaction is pretty apt to side with Meany and to regard Reuther as "rocking the boat" and threatening an affluence and tranquility in which unionism has shared richly.

What Reuther and his top officers of the UAW did was to resign from AFL-CIO offices in protest at the way the big union is using its influence today. The UAW, with 1.5 million members, is the biggest unit of the 13.5 million member federation. It has not seceded from the AFL-CIO and may not. That will be decided by the Auto Workers at a convention in Detroit April 22.

Reuther has been a member of the AFL-CIO executive board since the merger of the AFL and CIO in 1955. He has been increasingly disenchanted with the federation and has now given up hope that by biding his time he will eventually succeed Meany as the boss of the AFL-CIO and be able to direct its support of his liberal policies.

Speculation on the result of his withdrawal from the AFL-CIO command has been a little far out on the fringes. It has included suggestions that:

1. The Teamsters (without Jimmy Hoffa) and UAW may combine. Reuther led the drive to oust the Teamsters from the AFL-CIO on charges of corruption and such a marriage is unlikely.

2. Reuther may pull the UAW out of the AFL-CIO and use the UAW as an agency of international liberalism and domestic social reform.

3. Reuther may stay in the AFL-CIO and build up its Industrial Union Division as a display case of his brand of expansive unionism.

The Nov. 8 national election showed that American public opinion had clipped the wings of union political power rather drastically. This result affects both Meany and Reuther, but their quarrel goes back far beyond the election and grows out of basically different beliefs about what unionism should be doing in America today.

Reuther's criticisms of the AFL-CIO, as voiced by the UAW protests include:

1. It has failed its responsibilities of promotion of internal reform and democracy in labor.

2. It hasn't supported government anti-poverty programs.

3. It hasn't urged labor's help in development of low cost, high quality housing.

4. It hasn't effected reform of labor-management laws to end union-busting by employers.

Reuther will have a heck of a time selling his brand of dynamism to an American labor force that is more interested in maintenance of its middle class affluence than in "causes." It's apt to like Meany's protectionism for its interests, but Reuther is really protectionist, too, although in a very different way and one which looks much farther down the road of change than George Meany is looking today.

Reuther favors more trade with other nations and he has worked to organize workers abroad. The AFL-CIO has fought more trade with communist bloc nations.

Reuther accepts labor-saving devices as inevitable and helpful, but demands that workers get fair share of the profits they create. Meanyism would slow up the clock. Meany may win this battle, but Reuther or his fellow expansionists are apt to win the war because they propose to live with change and shape it to their purposes and Meany hopes to decelerate it.

## Your Income Tax - IV

## Tax Filing Tips Listed

By JAMES MARLOW  
Associated Press Writer

Twenty-one major points on filing your 1966 income tax return:

1. The deadline is midnight, Monday, April 17. By then the return must be in the hands of the Internal Revenue Service or in the mails.

2. Report only taxable income, like salary and bank interest. Some income is nontaxable, like Social Security payments, and should not be reported.

3. List your Social Security number on your return—there's a place for it—because there is a penalty for failing to.

4. Enclose all the W-2 withholding statements given you by employers.

5. Generally, husbands and wives save by filing a joint return, whether or not the wife had income. If in doubt, try it both ways to decide.

6. You can get a refund—if too much tax was withheld from you—but only by filing a return.

7. You must file a return if you were under 65—this includes children—and had income of \$600 or more, whether or not you owe any tax on it. Parents are responsible for filing returns for their children if they are unable to do so.

8. If you were 65 or older, no return is needed unless your income subject to tax was \$1,200 or more. The same goes for your wife. You were considered 65 for all of 1966 if your 65th birthday was as late as Jan. 1, 1967.

9. Everyone filing a return gets a \$600 exemption—meaning that much knocked off his income if he's under 65—\$1,200 if he's 65 or older.

You get a \$600 exemption for your wife if she is under 65—\$1,200 if she is 65 or older—provided she files jointly with you or, being without income, fails to file jointly, and is not claimed as the dependent of someone else.

If a wife must file a return, because her income was \$600 or over, she can file jointly with her husband, in which case each claims a \$600 exemption on the one return. If the wife files separately, she takes her exemption on her return, the husband claims his exemption on his return.

Exemption is \$600. 10. Anyone filing a return can get a \$600 exemption for each dependent he can legitimately claim, under or over 65.

11. And—a person filing a return gets an extra \$600 exemption if he is blind. He also gets an extra \$600 exemption for his wife if she is blind. He gets no extra exemption for a blind dependent.

12. If you were self-employed you must file a return, regardless of age, if you had self-employment income of \$400 or more. You'd use Form 1040 and Schedule C.

13. Anyone under or over 65, even though receiving Social Security payments, must pay a Social Security tax on any taxable earned income. There's a limit on how much income he can earn and still draw Social Security payments. If in doubt, consult your Social Security office.

14. Everyone filing a return is allowed deductions for personal expenses. But how you take them depends on your personal case.

15. There are two ways to find

the tax: in a tax table or by figuring it yourself. But this is a limited operation. Only people with under \$5,000 income can use the tax table, and only some of them can.

People with \$5,000 or more income must figure their own tax, using the tax-rate schedule.

16. There are two main forms for making a return: 1040 and 1040A. The latter, a punchboard, is simpler. But not everyone can use this, either. Anyone can use 1040. Anyone with \$10,000 or more income, or who itemizes deductions, must use 1040.

17. There are two main forms if you take the standard deduction, which may give you a bigger deduction than you could just claim, you don't have to list your expenses. If your deductible expenses were larger than the standard deduction covers, you can claim them in full but in that case you'll have to itemize them.

18. The IRS sends taxpayers an instruction pamphlet. Be sure to read it. If you don't have it, get it.

19. For a lot of people one of the best helps they can get is to buy the government's book of instructions on filing a return—"Your Federal Income Tax"—which has 180 pages and costs 50 cents. It's available from the Government Printing Office in Washington and at IRS offices.

20. Some examples of taxable income which must be reported: Wages, salaries, tips, fees, bonuses, salaries, commissions, interest on U.S. savings bonds, commissions, profit from business, rents, royalties, prizes and awards when you did something to win them.

21. Some examples of nontaxable income which does not have to be reported in making your return: Insurance proceeds, damages paid and so on for injury or death; life insurance payments on death; dividends on veterans' insurance; disability retirement payments and other benefits paid by the Veterans Administration; gifts; inheritances; bequests; Railroad Retirement Act benefits.

Reading letters to the press in the Feb. 3 issue, I was very much impressed by the article on deer herd habitat and management by Alan Niemela, formerly of Rock.

I believe this is one of the most informative and sensible explanations of the problem facing our deer herd that anybody needs to expect to acquaint him properly with present conditions.

It seems to me that it's almost a mass hysteria that has taken over the better judgment of so many of our present day deer hunters. We only need to go back to the days when the virgin timber was harvested to properly assess the situation we have today.

In the years immediately following, the new browse allowed for a vastly greater herd than our state had ever seen. Then as the new timber grew taller and out of reach, our food supply started to dwindle. This process went on until our Conservation Department saw the need for a new and realistic approach rather than leave things at a stalemate.

To make the problems worse, economic conditions prevailing at times did not permit a cut of the allowable timber marked for harvest. Our pattern of timber harvest has changed all so; where we slash cut before, we now, in most cases, selectively cut. This does not make for the same browse condition as before, therefore a new evaluation must be taken.

The harvesting of deer of either sex may seem inhuman and unsportsmanlike, but, as Mr. Niemela stated, one only needs to inspect and carefully check a deer yard during the last half of the winter.

I do not pretend to be an expert on the above subject, but as a young man during the CCC days I spent one year at Wilderness Park where a herd of nearly 400 deer were living on

## Ann Landers

## Second Hair Crop Is Embarrassing Pop

Dear Ann Landers: I am 70 years of age and I'm on the job every day. My mind is good, in fact a lot sharper than some of the younger men I work with. But something has happened that has made me wonder if maybe I'm getting a little crazy. Is it possible that I am growing a new head of hair?

I've been partially bald for many years and it has never bothered me. I wouldn't go across the street for the best hair-growing remedy in the world. About six months ago I noticed some new hairs sprouting up in places where I used to be bald.

My friends and relatives keep nagging me to share my secret. I don't know what to say anymore. When I tell them I'm not doing anything they get mad and accuse me of fibbing. Have you ever heard of this before? What's it all about?—CON-SHARNED

Dear Con: It doesn't happen very often, but occasionally hair that has gone into the "resting phase" will become active and grow again. It is not possible to bring dead hair follicles back to life but apparently your follicles weren't dead, Dad, they were just inactive. Hooray for the second crop!

Dear Ann Landers: Please tell me why it is that no matter where you go these days, no sooner do you get your coat off but someone asks, "What will you have to drink?" When I say, "I don't care for anything, thank you," they look at me as if I was a freak. Then the nagging starts — "Come on, let me fix you a light one." Or — "Maybe just a short beer?" When I say, "I really don't care for anything," they let loose with the questions: "On the wagon?" — "Do you have ulcers?"

I was taught that anything that makes people uncomfortable is poor manners. In my opinion, pressing people to have a drink after they refused is boorish. What's a person to do? — RESENTFUL

Dear Re: The host who offers you a drink the minute you step into the house is trying to be hospitable. Once you have said, "No, thank you," that should settle it.

The easiest solution is to ask for ginger ale or tomato juice or a glass of water. The

host will then not feel that he is drinking alone, which I suspect might be part of the problem.

Dear Ann Landers: I love my mother very much even though I know for certain she is having an affair with a married man. Every time I think about it I go to pieces.

If my father found out it would break his heart. Also I'm afraid it would end in a divorce and this would finish me. I know how awful it is to have your Mother and Dad split up because several of my friends have gone through it and it tore them up.

Mom reads your column every day so if you print this letter she will see it. Of course she won't know it was written by me because she hasn't a clue that I'm wise. But it might make her stop and think of how many people she is hurting. Thank you, Ann. — CROSSED FINGERS

Dear Crossed: Here is your letter, Honey, and I will keep my fingers crossed too.

Is alcoholism a disease? How can the alcoholic be treated? Is there a cure? Read the book, "Alcoholism — Hope and Help," by Ann Landers. Enclose 35c in coin with your request and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Wives are really very reasonable people, as long as they have their way.

When you freeze in a real bad cold wave, you long for the chilly weather you were griping about the week before.

Many a swinger makes a monkey of himself.

Keep in good standing with your creditors and you'll be sitting pretty.

## Lansing Firemen Return To Jobs

LANSING (AP) — A three-day rebellion by Lansing firemen—sparked by 37 disciplinary suspensions—appeared over today, at last for the time being.

Firemen returned to their jobs Sunday after the Firemen's mediation committee and the city's Police and Fire Board reached agreement late Saturday night.

### Agree To Reinstatement

Only 49 of the 233-man fire-fighting force was on duty Saturday night. Two of the city's 10 fire stations were closed and three fire rigs were out of service.

However, the city's fire fight-

ing operation was reported near normal Sunday.

The suspended firemen returned to work Sunday morning along with most of the 93 who had called in sick, union spokesmen said.

Police and Fire Board Vice Chairman Jack Dunne said the agreement stipulated that all firemen previously suspended would be reinstated if they reported for work at the time of their next work shift.

Dunne said the agreement was signed by him and accepted by Albert Taggart, chairman of the Firemen's Mediation Committee, and Gary L. Thomas, president of the local firefighters union and one of those suspended.

The agreement also stipulated that the suspended firemen would live up to the rules and regulations governing the Fire Department, that a letter of reprimand would be made part of each suspended man's personnel file and that each would be required to make up one day's work.

### Still Dispute Wages

Also, Dunne said, the parties agreed that any suspended fireman wishing a hearing would be granted one before a committee consisting of the fire chief or his representative, a member of the Police and Fire Board and one fireman chosen by the man requesting a hearing.

Thomas said the agreement covered only the suspensions and added that still to be settled is a wage dispute in which the union and the city have been embroiled for more than a year.

## More Schools Are Consolidated

CADILLAC (AP) — Voters in the Mecosta-Oscoda Intermediate school district have approved three ballot proposals and rejected one.

Approved were the consolidation of Barryton, Weidman, Mecosta-Remus and Fouts districts. The vote was 1,548 to 738.

Voters also endorsed a plan to annex the Sears and Brooks schools to the Ewart public schools, 156 to 45, and annexation of the Holdenville, Paris, Reed, Cornell, Sams and Davenport schools to the Reed City school district, 394 to 156.

Defeated by a vote of 406 to 142 was a proposal which would have annexed the Elly, Grant Center, Pine View and Big Jackson districts to the Big Rapids School District.

PLANS FOR THE YEAR were made by the Upper Peninsula Horsemen's Association meeting in Escanaba Sunday afternoon at the Chamber of Commerce building. Officers (from left) are Tom Leemon, Baraga County, secretary; Carol Reynolds, Marquette County, secretary; Nap Sharkey, Delta County, president; John Bishop, Houghton County, past president; and Gerald Sherbinow, Marquette, vice president. ## Maddy Memorial Seeks \$25 Million

DETROIT (AP) — A five-year drive to gather \$25 million for a Joseph Maddy Interlochen Memorial Fund has every chance of succeeding.

That was the word given Saturday to the Interlochen Board of Trustees and Advisory Board in meetings in Detroit. The boards were told \$750,000 already has been collected.

The National Music Camp at Interlochen was organized in 1928 by Joseph Maddy, who died last year.

The W. Clement and Jesse Stone Foundation has pledged \$5 million for the fund if another \$20 million can be raised by April 1971.

## Milk Production Rises In U.P.

January milk production in the Upper Peninsula topped \$516,170, up from \$416,401 a year ago.

The number of bulk tank producers was 393, three more than a year ago, and the number of milk can producers slumped from 112 to 99. Total number of producers was 492, down 10 in a year. Daily average milk production rose from 304,587 pounds to 311,780.

The U.S. Agriculture Department reports that the blend price was \$4.84 a hundredweight compared with \$4.26 a year ago and \$4.90 in December. Production totaled 10.2 million pounds, up from 9.4 million a year ago and 10.1 million in December, with the Class 1 (drinking) milk down percentage-wise from 78.1 to 72.5.

Average 7 day income per producer was \$236.90 compared with \$187.30 a year ago and \$237.34 in December, for a

## James Casler, Gladstone, Is Academy Choice

Forty outstanding Michigan high school seniors or graduates were nominated today by U.S. Senator Robert P. Griffin to compete for appointment to service academies for the academic year beginning in July, 1967.

The candidates, 17 to 20 years old, were selected from more than 300 applicants on the basis of academic records, extracurricular activities, character and leadership potential.

All were top scorers in a competitive Civil Service screening examination taken by each youth.

Only Upper Peninsulan on the list is James B. Casler, III, 1203 Delta Ave., Gladstone, to the Merchant Marine Academy, one of 10 nominees to compete with nominees from Michigan's 19 congressional districts and nominees of the other U.S. Senator for 12 vacancies.

## Snow Champion Averages 53.6

MUNISING — A Rosseau, Minn., man averaged 53.6 miles per hour in a blinding snowstorm Saturday to win the modified championship in the 42-mile Grand Island race of the second North American Snowmobile championships.

William Hagen completed the circuit around Grand Island in 47 minutes, 4 seconds, including one stop for refueling. World Champion Steve Ave of Hurley, Wis., was close behind in the time of 48 minutes, 38 seconds.

More than 10,000 residents and visitors turned out for the two-day race program. Over 160 snowmobiles and drivers participated.

In the 42-mile race, Don Bugay of Gladstone finished second in the stock machine division, class D, with a time of one hour, one minute.

Race officials said many drivers became lost enroute to Grand Island Saturday because of the adverse weather conditions. Several drivers never reached the island, but all eventually found their way back to the mainland. Officials praised the skill of contestants.

Skies cleared for the program of obstacle and circular races Sunday at Bayshore Park.

The weekend events were covered by ABC-TV.

## One of those days when your phone means so much

You're weathered in with a houseful of kids.

So you call for the weather report and learn it's a stay-at-home day. But...you had places to go to and things to do. So, you cancel your appointment at the hairdresser's.

Call the drugstore and order more of the baby's special formula...just in case. And then you call your friend to tell her the shopping trip is off.

What else in your home does so much for you, and costs so little?

# 21 Latin Nations Approve Ban On Nuclear Weapon

MEXICO CITY (AP) — Sixteen Latin-American nations are expected to sign a treaty Tuesday banning nuclear weapons from their region, but it probably will not become fully effective for years.

The treaty is the world's first to ban nuclear weapons in a populated area and covers most of the Western Hemisphere between the United States and Antarctica.

Twenty-one Latin American and Caribbean countries gave final approval to the treaty Sunday after almost four years of negotiations. Five of the 21 said they could not sign it Tuesday but indicated they would do so later.

# Kelley Critical Over Blackout In Crime News

SAGINAW (AP) — Saginaw County Prosecutor Robert Currie said murder warrants probably will be issued tomorrow in the slayings of two couples last week.

"I received good information as to the names and identities of the murder suspects," Currie said in a statement Sunday night.

The murder victims were Dr. and Mrs. Archer Claytor and Mr. and Mrs. Carl Middelhoff. Currie said evidence in the case will be analyzed tomorrow and murder warrants probably will be issued.

The Claytors were slain Feb. 1, and the Middelhoffs two days later.

Claytor, 73, former U.S. Commissioner to the Virgin Islands, and his wife Marie, 58, both were shot behind the ear, gangland style. Middelhoff, 63, a Lutheran schoolteacher, was suffocated with a plastic bag and stabbed. His wife, Gertrude, 62, was drowned in a bathtub.

During the investigation, Michigan Atty. Gen. Frank Kelley was quoted as criticizing Currie for imposing what Kelley reportedly called a "news blackout" on findings.

But Currie said Kelley told him there had been no criticism.

Currie also denied a news blackout.

"I wholeheartedly believe in the idea that the public has a right to be informed as to what is happening," Currie said, "and I fully believe in freedom of the press."

"However, our office does not want the public to be unduly influenced by repeated news releases bordering on events surrounding these sensational double murders."

# Kiwanis Club Ladies Night Is Enjoyable Event

The Kiwanis Club held its first ladies night for 1967 in a Valentine's Day celebration. The dinner party program included songs by Robert Schrader, "I Love You Truly," and "Sound of Music." Jack Foster accompanied Schrader on piano.

George Peterson, accompanied by his wife, Marie, at the piano played his H.M.T., a musical instrument of his own conception, and sang the "Laughing Polka" and a Scandinavian folk song.

The Promenaders square dancers also presented a demonstration of their art. The performers were Mr. and Mrs. Steve Baltic, Mr. and Mrs. Bill Mulvaney, Mr. and Mrs. Clyde Paeske, and Mr. and Mrs. Lloyd Belland.

The entertainment included a dress-up contest in which Kiwanians Walter Lewke and Merritt Kasson tied.

The party was arranged by president and Mrs. Don Wertz, and vice president and Mrs. Bill Mulvaney. William Hemes was master of ceremonies.

First American zoo was organized in 1859.

# Ruby's Brother Seeking End To Conspiracy Talk

DETROIT (AP) — Jack Ruby is dead, and yet much of him remains.

Living still is his final frustrated anguish that the mystique of conspiracy would not die.

"It's with me when I get up every morning," said Earl Ruby, 51, brother of the man convicted of killing Lee Harvey Oswald.

"This thing is not over," he said. "It won't be until this talk conspiracy between Jack and Oswald is ended and the truth accepted."

"We don't know yet what we will do to end it, but we will find a way," he said.

Earl Ruby said the talk of conspiracy plagued a dying Jack Ruby in his Dallas jail cell.

"Jack was obsessed with it," Earl Ruby told an interviewer. "He could not understand it. He had taken a lie test before the Warren Commission. It was in the record. He would ask me: 'Why don't people listen to the Warren Commission?'"

The Warren Commission named Oswald as the killer of President John F. Kennedy. It said Oswald acted alone.

## GM Announces Pontiac Recall

PONTIAC (AP) — General Motors Corp. has announced recall of 26,000 Pontiacs for check of a possible brake defect.

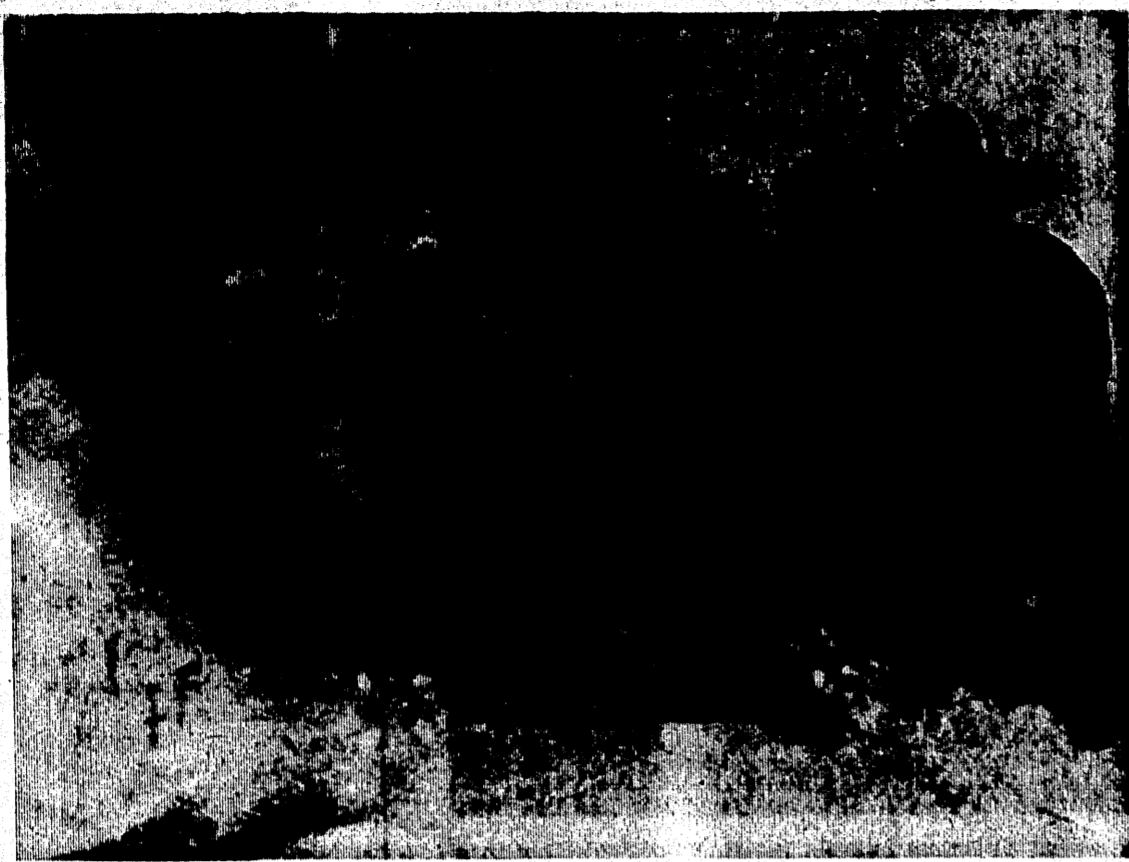

The recall affects only regular-sized Pontiacs, not the Tempest line, company officials said.

The defect, uncovered in test cars, may make brakes less responsive to pedal pressure, but the brakes will function with the defect if pedal pressure is greatly increased, GM said.

"There have been no reported brake failures by owners which can be attributed to this condition," the announcement said.

GM said the defect involves water entering a power brake assist unit and freezing. Only cars assembled at the Pontiac home plant—and only those of a certain type of brake unit—are affected, the company said.

Dealers are expected to check any unsold models Pontiac Division of GM said.

SAGINAW'S FIRE department just purchased a snowmobile for use in rescue work and for hauling hoses to and from hydrants after experiencing many difficulties in getting to fires after last week's 24-inch snowfall. # Muskrat Dinner No Fake

By Lee Smith

Our high school principal, many years ago, explained that a newspaper story about the annual muskrat dinner at the Monroe Yacht Club was

obviously a fake, a crude jest. Nobody, he said, ever would eat muskrat.

More than 100 ate muskrat at the annual muskrat banquet of the Men's Brotherhood, St. John's Church, Wyandotte, a doings that has been carried on for more than 20 years, with Sheldon Streicher as program chairman in recent times.

Victor Foster, Brotherhood president, politely jeered a minority of beefeaters, sequestered at a table of their own. The hero of the evening was Don Stork. Stork had assembled the muskrat with the aid of relatives in Jackson County.

Muskrat, properly handled, is a treat; otherwise, it is impossible. You should know the trapper. The Hayden Smith twins, Ralph and Ray, of Gibraltar, who trapped the big Mouillie marsh during their school years, took pride in dressing rats for the table.

Inflation has reached the muskrat market. A muskrat ready for cooking sells for 40 or 50 cents as compared with three-for-a-dollar 10 years ago. A muskrat pelt is worth from one dollar to two-fifty. Long ago we were happy to get 15 or 20 cents a hide, and the carcasses were worthless.

An old-time remembers—in Jackson County, incidentally—mounds of skinned muskrats, heaped on the beach for crows to consume.

How to cook muskrat? For one thing, ignore advice to soak, parboil, using soda solution. The Women's Guild of St. John's served baked muskrat, and it was delicious, with mashed potato, rich gravy, cooked sauerkraut.

Civilized man passes up quite a lot of flavorful wild meat. Mountain men of the old west esteemed cougar. Elsworth Harger of the Conservation Department's Cusino Wildlife Research Station, serves bobcat to privileged guests. Bobcat is an improvement on prime veal. In Detroit an annual banquet is held, in early winter.

Woodchuck snipers who throw away young woodchucks make a serious mistake. Woodchuck is on par with squirrel, which is esteemed by sagacious outdoorsmen as the choicest of wild game. As with muskrat, beaver, raccoon, all fat should be removed from a woodchuck. That holds true also for dubious ducks, too often discarded. Sawbill, scoters, squaw ducks, whistlers are excellent eating. Skin, slice off the breasts and, if you can identify the young birds cook any way you prefer. The older specimens need slow cooking. Coot are, of course, as good as muskrat. The old-time market shooters preferred coot to duck. They could eat coot all season long where three or four duck dinners in succession produce a violent distaste for duck of any kind.

The opossum, a relatively recent arrival in Michigan, is not a popular menu item, chiefly because of the animal's indiscriminate feeding habits. However, in the south possum with sweet potatoes is for feasting. Especially if a possum is caught alive, confined on a milk - and - cornbread diet for a week or so, then baked on a rack to let the fat drain off.

### Romney Booked For New Jersey Talk In June

TRENTON, N.J. (AP)—Michigan Republican Gov. George Romney is to visit New Jersey this June.

A spokesman for the Republican State Committee says Romney will be principal speaker at a \$100-a-plate dinner sponsored by the Monmouth County Republican Finance Committee June 22 in Spring Lake.

Romney suffered an apparent rebuff in January when he was dropped as chief speaker at a dinner to honor Sen. Clifford P. Case, R-N.J.

The dinner, subsequently postponed, was sponsored by AFL-CIO leaders who supported Case in last year's election campaign.

### Honduran Premier Speaks March 9 At Lansing Meet

LANSING (AP) — Premier George Cadle Price of British Honduras has accepted an invitation to visit Michigan in March, reports Gov. George Romney.

Price's visit "will allow him to meet with the people of Michigan with whom his country is aligned through the Michigan Partners of the Alliance," Romney said.

The leader of the Central American nation, soon to become the independent nation of Belize, also will be guest speaker at a special investment conference on British Honduras in Lansing March 9.

The conference, sponsored by the Michigan Partners, is to acquaint potential investors with opportunities available to them in British Honduras.

An annual meeting of the Michigan Partners is scheduled in Lansing March 10.

The Michigan Partners of the Alliance, a program designed to aid British Honduras in solving economic and social problems, was organized last Feb. 24 at the invitation of Romney. Its chairman is former Congressman Alvin M. Bentley of Owosso.

## Holy Name Friday Foe

## Eskymos Solid Favorite To Repeat As Champion Of U.P. Large Schools

By JIM TRETHEWEY  
Upper Peninsula basketball fans generally figure Escanaba as an odd-on favorite to grab another Upper Peninsula big-school championship, but they're wondering whether Coach Harold Johnson's quintet is strong enough to smash a jinx in downstate competition.

The Eskymos had an easy time rolling up a 97-64 edge against Marinette for their 12th victory in 14 starts, and can wrap up the Great Northern Conference pennant against city rival Holy Name this week.

Escanaba's scoring ace Paul Miller, although playing little more than three periods, laced a personal high of 44 points in that game and now has 342 for the campaign and a career total of 804.

Miller, a 6-foot-1 senior, is only one of several tall and experienced players who make the outlook for a regional Class A crown somewhat better than ever before. Bob Myrvall and Dave Nyquist, both 6-5, are the tallest members of the team and those two, along with Miller and 5-11 sophomore Dan Mylander, have provided most of Escanaba's scoring punch and board control.

The Eskymos' only setbacks were by three points at downstate Alpena and by five points at Ishpeming. The latter had lost by 20 in an earlier game at Escanaba.

If Johnson and team can get by Marquette and Sault Ste. Marie in the district "A" meet at Marquette in two weeks, the Eskymos will be heading downstate for the fifth time in the seven years U.P. schools have

been competing in this division. Marquette went the other two times.

Of the six previous times those two schools have competed in Class A regional tournaments, they've won only two games. Escanaba captured one in 1961 and Marquette the other in 1964. Both dropped the regional title games after their semi-final victories.

Mathematically, the Peninsula is at more of a disadvantage in Class A than in any other division, since this area has only three of the 162 schools in Michigan with enrollments of 1,100 or more.

As far as the Great Northern Conference championship is concerned, Escanaba apparently had captured the title a week ago, but when league officials declared Menominee's victories forfeited because of use of an overage player, it left Iron Mountain with a chance to overtake the Eskymos. Escanaba now has to win one more, either from Holy Name Friday night or from Stephenson the following Tuesday.

Victories over both, plus a season-end triumph over Marinette, would give Escanaba a 15-2 mark for the current campaign — best in 11 years under Johnson. Three 14-2 seasons are included in a record of 134 victories and 68 losses over that stretch.

Ishpeming, the 1967 Great Lakes King, and Wakefield, winner of the Michigan-Wisconsin crown, were almost as impressive as Escanaba in their latest outings. The Hamatitas, with Bill Zhukie getting 34 points for the best mark of his

career, walloped Newberry, 92-71, while Wakefield, led by Al Inkala with 33, downed a tough Houghton five, 63-73. Ishpeming now is 14-1, while Wakefield, one of two all-winning outfits in the Peninsula, has a 14-0 record.

Those two schools were the first to win conference championships this winter. In addition to Escanaba, others set to occupy league thrones this week are Trenary in the Central U.P. and Ewen in the Porcupine Mountains. The Iron Mountain-Crystal Falls game could decide the Menominee Range race, but title action in the Copper Country, Eastern U.P., Big Seven and Mid-Peninsula circuits is going right down to the wire.

STUFFING TWO points through the nets for Escanaba Saturday night is Paul Miller, 6 foot 1 inch senior, who cracked the school's all time single game scoring record with 44 points. Helpless to stop the soaring Eskymo star is Marinette's Jeff Mullins (25) at the right. (Daily Press Photo)

## Paul Miller Breaks Esky Scoring Mark

By RAY SPENDALL  
(Press Sports Editor)

Paul Miller, 6 foot 1 inch senior, put on the greatest one-man scoring performance in Escanaba High School basketball history as he led the Eskymos to a 97-64 victory over Marinette here Saturday night.

Miller, who had already stamped himself as the school's all-time top point producer, smashed the Escanaba single game scoring record in effortless fashion. The many talented cage standouts gunned in 21 field goals and added a pair of free throws for 44 points to wipe out the old school standard of 38, set by Fred Boddy in 1953, also against a Marinette team.

Miller dazzled a large crowd with his short jumper from the left side of the free throw circle and befuddled the Marinette defenses with twisting drives

that produced unmolested lay-ups.

The 44 points came as follows: 13 in the first period, 9 in the second, 18 in the third and 4 in the fourth. Coach Harold Johnson pulled Miller to a standing ovation with 5:46 remaining in the game.

Miller boosted his season scoring total to 342 points and his career mark to 804 which is also a school record. He is within 51 points of the school's single season scoring mark of 393, set by Jack Lindquist in 1959.

The Marines, playing Escanaba for the first time in basketball since 1958, took an early 6-3 lead but soon fell victim to a devastating rebound performance by the towering Eskymos.

Escanaba swept into a 22-14 lead at the end of the opening

period and were never threatened.

Bob Myrvall rimmed 14 points and Dave Nyquist added 11 before Johnson pulled his regulars at the end of the third period. Reserves closed out the action and made a stirring bid to reach the century mark against the Wisconsin visitors.

Tom Boyle led the subs with three field goals.

Pacing the Marines was Bob Bartkowiak, 6 foot 3 inch junior, with 24 points.

The victory was Escanaba's 12th against two setbacks entering the home game against city rival Holy Name Friday night. The Eskymos need a victory in that tilt to clinch the Great Northern Conference championship.

## Ryun Breaks Meet Mark

EAST LANSING, Mich. (AP) — The largest track crowd in Michigan State history roared appreciation Saturday night as world mile record holder Jim Ryun of Kansas breezed in to win his specialty in 4:03.7.

It was a meet and Jonson Field House record, bettering the 4:04.9 by Wes Santee, also of the University of Kansas, in 1954.

But only a few clock-watches among the some 6,500 fans realized that Dave Bailey of the University of Toronto, turned in an even faster mile. This was his 4:03.2 effort in the mile leg of the distance medley relay.

Ironically, Toronto didn't even win the event, placing second. Kansas State won in 9:50.1, lowering the former meet and field-house mark of 9:51.5 by a 1954 Kansas team that included Santee.

Ryan, the 6-foot-2 sophomore who has been named Amateur Athlete of the Year, said he was well pleased with his time for so early in the season. He has done as fast as 4:00.5 indoors, and his world record is 3:51.3.

After a lot of advance ballyhoo, several fouls marred Ryun's widely heralded mile effort.

It had been advertised that NCAA indoor champ Conrad Nightingale of Kansas State and Sam Bair of Kent State would run in the mile and Push Ryun to an all out effort.

Both have come close to the magic four-minute mark. But both were withdrawn by their coaches to run in other events.

Then Dale Stanley of MSU, who's name wasn't even on the program, played a surprise "rabbit" role in the race, sprinting out far ahead the start.

Stanley ran a 57 second first quarter, then faded to finish last.

"I didn't even know there was going to be a 'rabbit' in there," Ryun said afterward. "I wish someone had told me. Anyway, 57 seconds was too fast for a quarter this early in the season."

Ryun finished so far ahead in the slow field that John Rowe of Indiana, placing second, was closed in 4:13.9.

Ryun ran the anchor half mile relay team, making up a 30-yard deficit and winning by

Jim Ryun

about 20 yards. Ryun, who holds the world record of 1:44.9, did his half-mile stint in 1:48.5.

## Rockets Reach Top Point Peak

PERKINS—Coach Bill McGovern's Rapid River Rockets reached a season scoring peak here Saturday night while trimming Perkins, 72-53, in a Central League contest.

The defending conference champs finished with a barrage of buckets for 28 points in the final period to score a comeback victory. Perkins led by eight points early in the game and again by one, 49-48, with five minutes to go.

Greg Vail, Gene Bezzi and Tom Safford teamed up for 20 points in the stretch to lead the Rockets to their sixth victory in 15 starts. Vail took individual scoring honors in the game with 15 points and turned in an outstanding job on the boards, along with Steve Pyke.

Perkins had three players in double figures with Don Bannister and Art Vandamme hitting 11 points each and Mark Depuyt 10.

The Escanaba Hawks buried a young Newberry team, 26-0, in exhibition hockey action here Sunday.  
John Ferrarri rammed in 10 goals for the Hawks while John Bourdeau added four, Bob DeGrand three, Dennis Bourdeau three, Gary Bourdeau two, Jim Ferrarri two, Tony Kutches and Jim Goyermer one each. Mike King registered the shutout in the Escanaba nets.

## Boros Rallies To Win Top Money In Phoenix Open Golf Tourney

PHOENIX, Ariz. (AP) — Julius Boros headed home today for a month's rest \$14,000 richer after winning the \$70,000 Phoenix Open golf tournament, the 16th tourney win of his career.

"I've been away from home for a month now, and my wife wants me to get home with her and the kids," the 46-year-old Boros said after he edged out Ken Sill by one stroke for the title Sunday.

The winner carded a 272 total to 273 for Sill.

Boros, who has seven children, the youngest six months, commented, "I guess I'm a late starter more than in just golf."

The tour veteran from Fort Lauderdale, Fla., began Sunday's final round three strokes behind Rod Funseth, the 1965 Phoenix Open winner who first threatened to run away from the field and then faltered.

Boros went into the final 18 holes with an eight under par 208, and knowing that Sill had fired a spectacular 30-35-63 for the 1967 tour's best round, went to work on the third hole.

After a bogey on the second hole, he birdied five holes, the most important an 18-incher on the 18th hole which gave him a final round 67 and the victory, his first since he captured the 1964 Greenbore Open.

Still, Spokane, Wash., tour veteran, celebrated his 32nd birthday Sunday by shooting the best round of his six-year pro

career and by taking home \$8,400 second place money.

But even with the charges of Boros and Sill, the story would have been different if it hadn't been for the spectacular collapse of Funseth on the final nine holes.

The 33-year-old tour regular, putting well but scrambling on his other shots, actually began his downfall on the final of the third round with a double bogey seven after he hit out of bounds.

He carried a one-stroke lead into the final 18 holes over little Dean Refram, punditum-putting veteran from Boca Raton, Fla., and then started to pull away.

Funseth widened the lead to four strokes with three straight birds, starting on the second hole, but bogys on the 15th and seventh nullified two of the strokes.

Funseth, who had managed to pull his game together when it counted earlier, bogeyed four out of five holes, beginning with the 12th and only a lucky break on the 15th, when his ball bounced off a tree onto the green, saved him from another bogey.

He finished in a tie for third with Gardner Dickinson, each with 10-under 274.

Tied for fourth place were Refram and Tommy Aaron, while George Knudson was alone in fifth place with a 276, eight under par.

## Van Brocklin Quits As Vike Grid Coach

ST. PAUL — MINNEAPOLIS (AP) — Stormy Norm Van Brocklin, the volatile Dutchman who built the Minnesota Vikings from a ragtag collection of kids and castoffs into a respectable National Football League team, has called it quits for good.

Van Brocklin, tormented for

two years by his admitted inability to get the Vikings over the hump and unable to reconcile the widening split between himself and quarterback Fran Tarkenton, stunned the Vikings by resigning Saturday, he would not play with Minnesota any more.

The double-barrelled terminations left General Manager Jim Finks and the five Vikings owners dumbfounded, even though they obviously knew of the simmering rift between Van Brocklin and Tarkenton. And they knew the Van Brocklin temperament.

"This is a real blow," Finks said. "This is a very dark day for the Vikings...there's no reason to try to fool anybody."

Finks began today the task of finding a new head coach. He said the Vikings would start from scratch, and that it is certain no replacement would be named before the NFL meeting in Hawaii next week.

Van Brocklin made no recommendation on a successor. It was Van Brocklin's second resignation from the Vikings, but this time it will stick. The accepted of Directors immediately laid out the plan for Friday and then was told to think it over for 24 hours.

Van Brocklin indicated no future plans.

## Gladstone Wins 9th Grade Title

GLADSTONE — The Gladstone 9th grade basketball team captured the Great Lakes Conference western division tourney title by defeating Ishpeming, 56-52, here Saturday night.

Clifford Young tallied 17 points and Jim Nelson 12 to lead the Braves who will advance to the tourney finals at Munising Saturday, Feb. 18. Negaunee downed Marquette 79-72, in the jayvee finals.

## Northern, Tech Quints Suffer Cage Reversals

By The Associated Press  
Tonight could be another of those dreadful, long evenings for the Ferris State basketball team.

Ferris has won only one of 15 games this fall and tonight the team invades Hillsdale, sporting a 14-4 record.

Wayne State continues its eastern trip with a game against Boston University tonight.

Calvin beat Ferris 61-72 Saturday while Hillsdale downed Illinois Teachers, Chicago North, 91-74. MIT beat WSU at Cambridge, Mass., 71-52. Western Michigan lost to Miami of Ohio, 75-55, in Mid-American Conference play.

Kalamazoo ran its MIAA record to 1-1 with a 76-61 victory over Albion. Lakeland beat Northern Michigan 66-46, Detroit ran over Western Ontario 66-49 and Olivet beat Adrian 97-76.

Eastern Michigan scored a 91-70 victory over Western Illinois and Northwood upset Lake Superior State 68-50.

Punta Teah topped Michigan

Lutheran 55-43, Central Michigan downed Ohio Northern 73-66 in overtime and Hope slipped past Alma 79-78.

Marian, Ind., beat Aquinas 85-58 and Michigan Tech lost to Bemidji 79-72.

Western Michigan fell to a 4-5 mark in the MAC with the loss to Miami. Fred Foster scored 26 points and Phil Snow 14 for Miami. Gene Ford paced the Broncos with 30 points.

Bemidji State rolled off 12 straight points late in the game and beat Michigan Tech in a Northern Intercollegiate Conference game. John Phillips scored 23 points and Ron Smiley 20 for the winners. Craig Ferrell of Michigan Tech took game honors with 26 points.

Kalamazoo went ahead by 10 points midway in the first period and held the lead to whip Albion. Tom Crawford got 22 points and Bob Trenary 21 for the winners. Ed Stephens was high for Albion with 15.

Gary Hovey scored 25 points in leading Lakeland past North-

ern Michigan. Mike Boyd topped NMU with 22 points.

Gordon Loftis pumped in 30 points as Olivet came from behind to beat Adrian. John Cosack led Adrian with 23 points.

Eastern Michigan coasted to its victory over Western Illinois. Tug Bowens got 22 points and Roy McNeely 19 for EMU. Bob Anderson of Western Illinois also had 22.

Jerry Pettway scored 27 points and Tom Rathburn 26 for Northwood in the victory over Lake Superior State. Ron Sobor tallied 26 points for Lake Superior.

Central Michigan scored its 55th straight victory by beating Ohio Northern in overtime. The game was tied 20-20 at halftime and 61-61 at the end of regulation play. John Berends led CMU with 24 points. Ohio Northern's Bob McFarland took game honors with 26.

Joe Walker of Hope sank a free throw with less than 20 seconds to go and his team slipped Alma 79-76.

## Bruins Keep Winning But No. 2 Teams Can't Stand Prosperity

By The Associated Press  
Everybody is trying so hard to be only No. 2 in college basketball, the Top Ten is getting more and more Nos. 3, 4, 5, etc.

The latest likely to join those who tried and failed is North Carolina, which jeopardized its No. 2 ranking by losing to unranked Georgia Tech 82-80 Saturday.

Two other former No. 2s, Houston and Texas Western, also slipped as half of the Top Ten teams in the country took a turn for the worse.

Houston, No. 5, fell before off-beaten Notre Dame 87-78 and Texas Western, No. 8, stumbled at Seattle 80-56, while ninth-ranked Providence lost to Niagara 77-76 and No. 10 Boston College was surprised by Fordham 85-81.

"It gets to you mentally," said Coach Bill van Breda Kolff, whose fourth-ranked Princeton Tigers barely avoided upset by nipping Brown 87-84. "It's not a matter of wanting to win; rather, you get the feeling you have to win and something happens to you."

happen to No. 1, UCLA. The Bruins continued their way alone, pushing aside Oregon State 74-44 Friday and then Oregon 100-66 Saturday for a 19-0 record in their march toward the elusive unbeaten season.

The rest of the ranking teams survived. Third-ranked Louisville, 20-3 another former No. 2 and a likely choice to get another try at holding the spot, downed Wichita 90-68. Western Kentucky, No. 6, ran its mark to 19-1 by tripping Eastern Tennessee 65-56.

Kansas, No. 7, outlasted Kansas State 60-55.

Two other highly-rated teams also had trouble as St. Louis hindered Tulsa's hopes of catching Louisville in the Missouri Valley Conference by beating the Hurricane 76-62, while Lehigh stunned Rutgers 45-43.

North Carolina, 16-2, had a seven-game winning streak shattered after overcoming a 72 deficit at Atlanta. Bob Bredendine's layup with six seconds left did the damage as the Engineers, 14-7, won for the sixth time in 10 outings.

Sophomore Ron Arzen cut up Houston with 37 points at South Bend, Ind., while Seattle worked behind Tom Workman and Steve Looney, who each scored 17 points. Seattle, the only team to beat the defending NCAA champion Texas Western last season, built a 23-8 lead and protected it.

Providence lost its chance when Jim Walker, who scored 23 points, stumbled going in for a layup in the last five seconds at Niagara and missed a winning basket.

Dennis Witkowski scored 24 points at Boston, sinking Boston College's seven-game victory string.

Low Alcindor hit only 16 points, but Lucius Allen added 22 for UCLA, which hosts Oregon and Oregon State next weekend.

Chris Thornforde and Joe Heiser split four free throws in the last minute to save Princeton at Providence, R.I., while host Western Kentucky overcame a halftime deficit for its victory.

Woman, Daughter Hurt In Two-Car Traffic Accident

A woman and her daughter were injured Saturday in a two-car accident about 10:25 a.m. on U.S. 2 and 41 three tenths of a mile north of the Gladstone city limits, State Police reported.

Taken to St. Francis Hospital were Emma J. Wills, 30, and daughter, Linda, 11, of Mount-Rie, Gladstone. Hospital officials said they were treated and released.

Troopers reported Mrs. Wills' car struck the rear of a car driven by Irvin E. Seymour, 25, of Rte. 1, Rapid River. Seymour told police that his car spun into the wrong lane when he tried to avoid hitting a car which pulled in front of him. Mrs. Wills was ticketed for no operator's license and Seymour for driving left of center.

Education Tax Credit Boosted

DETROIT (AP) — Sen. Robert Griffin, R-Mich., said today that chances are better than even that an education tax credit bill will pass Congress this year.

Griffin, co-sponsor of the measure, said in remarks prepared for a University of Detroit audience that the bill would permit parents who pay college tuition to receive up to \$325 credit on the amount they owe in federal income taxes.

Credit also would be extended to teachers who further their education and students who work their way through school.

The tax credit bill has been before the Senate on two previous occasions and was defeated by only 10 votes in the 89th Congress.

"But seven senators who opposed it are no longer members of the 90th Congress," Griffin said. "And nearly all their replacements support it."

Larceny, B&E's Are Investigated

Larceny of a dray and two breaking and enterings reported to State Police Saturday and Sunday remained under investigation today.

The dray—a sled-type vehicle used to haul heavy loads—was reported stolen by Frank Chouinard, Rte. 1, Escanaba. He told police it was missing from an area off County Rd. 533 in Wells Township.

State Police also are investigating breaking and enterings at a camp owned by Henry Gingras, 424 Wisconsin Ave., in Escanaba Township and of the Farmis Implement Co., Rte. 1, Escanaba.

Gingras reported a kerosene lamp and small wood-coal stove missing from his camp. A 30-foot logging chair was reported missing from a truck at the Implement Co., according to owner Lewellyn Larson.

The insect kingdom numbers nearly a million species that are already known, and scientists find another 6,000 or so every year.

# Don't Wait For Hawks To Fold Up

CHICAGO (AP)—Still waiting for the Chicago Black Hawks to fold up? Forget it.

If ability, desire and team spirit are the ingredients of a winner, the Black Hawks will pull down their first National Hockey League championship.

The Hawks were sitting ducks for a loss Sunday which would have ended their streak of 13 games without a loss. Instead they extended it to a club record of 14 games with a 3-2 comeback triumph which ended Detroit's five-game winning streak.

The Hawks had played a rough game in Toronto Saturday night which ended in a 4-4 tie. They boarded a train to begin an all-night trip.

The diner car froze and they couldn't get anything to eat other than toast and coffee. The train was more than three hours late and arrived in Chicago about three hours before the afternoon game against the Red Wings.

"We went to the hotel and had a steak and rushed right out to the stadium to play," said Coach Billy Reay. "That was rough scheduling."

Detroit led 2-0 early in the second period and nobody would have faulted the Hawks if they set back and let a bit of their

## Michigan Tech Wins Ski Meet

HOUGHTON (AP)—Michigan Tech won and Northern Michigan placed second in both the Central Intercollegiate Ski Association's Midwest Alpine Championships and the Michigan Alpine Championships here this weekend.

With Larry Hutchinson of Peabody winning, Michigan Tech placed 1-3-4-5 in the downhill event in the association meet. The slalom was won by Chuck Carlberg of University of Minnesota-Duluth, but Northern Michigan's team depth gave it the championship.

The combined winner was Richard Woods of northern Michigan, who placed second in both events.

The first five in slalom, downhill and combined qualified for the National Collegiate Championships in March.

Placings in the CISA meet (with low score winning) follow:

Michigan Tech, 48.0; Northern Michigan, 48.5; Michigan State, 65.0; Wisconsin, 87.0; Wisconsin-Duluth, 103.0; Northland (Wis.), 114.0; Notre Dame, 114.5; Lake Superior, 122.5; and Gogebic Community, 168.0.

The Michigan state meet, postponed at Traverse City last month due to rain, finished there: Michigan Tech, 29.0; Northern Michigan, 33.5; Michigan State, 42.5; Lake Superior, 76.5; and Gogebic, 100.0.

## Spartans Trip Michigan Twice

By The Associated Press

Michigan State slammed Michigan twice over the weekend in Western Collegiate Hockey Association action.

The Spartans won at Ann Arbor 4-3 Friday night, then whipped Michigan at East Lansing 5-1 Saturday night. Michigan Tech beat Minnesota-Duluth 5-3 at Duluth Saturday night.

Tom Mikkola scored two goals and collected three assists for MSU against Michigan Saturday. Mike Jacobson, Lee Hathaway and Ken Anstey scored the other MSU goals. Michigan got its lone score from Jerry Hartmann.

Jerry Muroy scored two goals in the final period for the Michigan Tech victory. His winning goal came midway in the final period and then he scored into an open net in the final seconds as Duluth pulled its goalie for another attacker.

Tech is 9-5-1 in the WCHA, Michigan 8-4 and MSU 8-9-1.

## Matson Makes Record Toss; It Won't Count

COLLEGE STATION, Tex. (AP)—Randy Matson, the Texas A&M giant who threw the shot past 70 feet the second time in three years, said today he was going to throw toward building up his strength.

"That is the only way I can improve and hope to better what I've already done," said the star of Saturday night's Dallas indoor track meet in which he pitched the 16-pound ball 70 feet 7 1/2 inches, a quarter-inch better than he got in 1965 when he set the world's record.

But he admitted that he was in the best shape he ever had been, was virtually free of injury, was his strongest and biggest and that he had done better than he ever had hoped for so early in the season.

His coach, Charley Thomas, asked that his throw Saturday night be considered for a world record although it came indoors, where there are no official records, and was done with the outdoor shot.

However, officials of the Dallas meet said they would not submit the throw for any kind of record because it was indoors on dirt instead of the boards and also because the area where the throw was made

## Pistons Finish With Flurry To Whip Warriors

DETROIT (AP)—"We should have beaten them badly," Detroit Pistons player-coach Dave DeBusschere said, but he was grinning about the narrow victory over San Francisco.

The Pistons blew a 21-point lead, then came on strong in the final minutes behind baskets by DeBusschere and Eddie Miles to win the National Basketball Association game 134-127 Sunday.

Boston beat Philadelphia 113-112, St. Louis beat Cincinnati 118-115, and Los Angeles downed Chicago 129-121 in other NBA action.

"I thought we played well for a while today," DeBusschere said.

"But after the first quarter we stopped running for a while. We just didn't work."

DeBusschere scored 10 points and center Joe Strawder eight as Detroit took a 37-35 first period lead. But San Francisco cut it to 66-61 by halftime.

Rick Barry and Jeff Mullins got hot for the Warriors in the third quarter and San Francisco took a 91-90 lead, but Detroit tied it 98-98 by the end of the third period.

Despite more hot shooting by Barry, Detroit went ahead in the final period and stayed. Miles notched 16 of his 18 points in the final 12 minutes.

Barry scored 49 points and Mullins 33 for San Francisco. DeBusschere led Detroit with 27 and Wayne Hightower got 24, his season high.

The Boston Celtics checked a Philadelphia rally and cut the 76ers' Eastern Division lead to 5 1/2 games. Sam Jones scored a free throw with 10 seconds left for the victory. Will Chamberlain got 30 points for Philadelphia. John Havlicek topped Boston scorers with 33 points.

St. Louis pulled to within 6 1/2

## Orbiter Swings In For Photos

PASADENA, Calif. (AP) — Lunar Orbiter 3 swings closer to the moon today in preparation for taking 400 photographs designed to show the best sites for astronaut landings.

The 850-pound spacecraft was sent into its new orbit Sunday by a 34-second blast from its rocket engine. The elliptical orbit ranges from 34.1 to 1,144 miles, scientists said, and takes 3 hours, 23 minutes.

Scientists said by Wednesday the moon will have turned around beneath the craft to allow photos to be taken from 28 miles' distance of 12 primary landing targets along the lunar equator.

The deboost maneuver was commanded by the jet propulsion laboratory in Pasadena.

## Forests Inviting Snowmobile Tours

The ribbon on the new High Railways snowmobile trail in the Manistique River State Forest was cut by Forester Wilfred Wallace. The cut ribbon of orange plastic flagging was affixed to orange wooden stakes to mark the course of the trail through portions of the open plains and orange paint was used on trees to mark the course of the trail through the wooded areas.

The High Railways Trail lies east of Highway M-94 about eight miles north Manistique. A constantly changing scene is presented to the traveler throughout the 10 mile course of the trail. Hardwoods and pine merge into pine planta-

tions and plains and back to hardwood again. The trail at one point adjoins a deer yard; at another parallels Camp Nine Lakes. The irregular undulations of the land on the north leg of the trail add interest and enjoyment to snow travel and probably accounts for the name by which the area is known.

Snowmobilers are invited to use any of the roads within the

state forests that traverse state ownership, says Wesley Lehmann, Conservation Department forest supervisor. The opportunity for variety in travel for persons well acquainted with these roads and trails is almost unlimited. However, a number of marked trails have been provided for persons who desire them, and maps are available to show the route of travel.

In addition to the High Railways Trail, the following snowmobile trails have been marked and mapped elsewhere in the state forests of the Upper Peninsula:

### State Timber Brings Record \$1.11 Millions

LANSING (AP)—Commercial loggers paid a record \$1.11 million for timber cutting permits in state forests last year, \$225,000 above the previous year.

The State Conservation Department said as a side benefit some 100,000 deer fed off the tops and branches of trees felled by logging operations, helping ward off starvation.

Most of the cuttings, the department said, were in or near deer yards. In addition to making immediate browse available for deer, the harvesting opened the way for regrowth of the natural food supply.

The Sand Plains Trail-Michigan State Forest. The starting point for this trail is the intersection of Marquette County Road 480 and Marquette County Road 553, about eight miles south of Marquette.

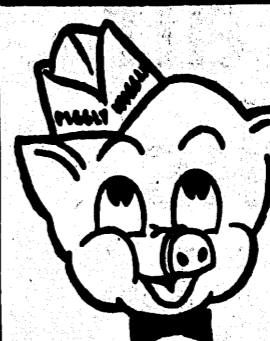

The Sleeper Lake Trail-Tahquamenon River State Forest, Luce County.

The Kibble Pit trail-Munuscong State Forest, Chippewa County.

The Big Nob Trail-Mackinac State Forest, Mackinac County. Maps can be obtained from State Forest offices of the conservation department.

THIS IS A map of the snowmobile trail laid out in the Manistique River State Forest to provide winter access to the High Railways Area east of Highway M-94 about 8 miles north of Manistique.

### Time Now To Order Trees

It's time again to order trees for planting stock from the Michigan Department of Conservation, says Joe Heirman, Delta County agricultural agent. If you're planning to plant trees this spring they should be ordered now.

The Delta County Soil Conservation District has set aside a supply of red pine seedlings and white spruce transplants, best suited for this area. The white spruce transplants are somewhat scarce this year so a deadline of March 9 has been set for anyone wanting to order this species.

If government payment is wanted on an order of trees, contact the Agricultural Stabilization Conservation Office, Mrs. Irene Blomberg, manager, in the Post Office Building. The order forms are available at the County Agent's office in the Delta County Building. The trees will be supplied by the Wyman Nursery, Manistique.

#### Lip Reading

MARQUETTE — Lip reading instruction will be available to adults with impaired hearing at Northern Michigan University's Speech and Hearing Clinic beginning next month. James Shimota, NMU audiologist, said instruction will be offered one night a week through May.

Interested persons can contact Shimota by writing to the NMU Speech and Hearing Clinic, Marquette.

#### Buffalo Meat Sold By Chains

BOISE, Idaho (AP) — The Idaho Senate is considering a bill adding buffalo to the list of animals subject to meat inspection laws.

Sen. Joseph R. Garry, a full-blooded Coeur d'Alene Indian, said buffalo meat is being featured by some food chains.
